

Trimble Perspective

Version 2.1.3

September 2021

These Release Notes describe the new features and changes available in this release of the Trimble® Perspective software.

Enhancements

- **Scan mode:** New indoor scan mode allows for faster project completion by reducing the time for individual station scans. Turning this mode on in the settings will allow you to select a one-minute scan time.

Resolved issues

- **Export:** Resolved an issue when exporting using the German Umlaut.
